Body Wraps

Universal Contour Wrap

\$180 per wrap

The Ultimate contour wrap. It delivers instant inch loss in just 2 hours. Results last up to 30 days.

A unique blend of mineral rich clay soaked bandages are applied by specialist body wrapping techniques.

Helps cleanse and detoxify the body while actively compressing the soft fatty tissues to create instant and lasting inch loss.

It removes harmful toxins from the body and reduces the appearance of cellulite and stretch marks.

The skin is left gently exfoliated, smooth and conditioned. The Universal contour wrap carries on working long after you've left the studio. The special clay solution remains in the pores of the skin so the detoxification and tightening process can continue for three to four days giving further inch loss.

This is not a water loss treatment:

In fact, we recommend you drink water regularly after your treatment to enhance detoxification.

Threading

Threading is an ancient method of hair removal originating in the Middle East. It has gained popularity in Western countries especially in cosmetic applications.

Technique:

A thin cotton thread is doubled, then twisted. It is rolled over the areas of unwanted hair plucking the hair at the follicle level. Unlike tweezing the hair one at a time threading can remove short lines of hair.

The advantage of threading are that it provides precise control in shaping eyebrows and is gentler on the skin.
